## PATIENT CONSENT FORM

The Department of Health and Human Services has established a "Privacy Rule" to help insure that personal health care information is protected for privacy. The Privacy Rule was also created in order to provide a standard for certain health care providers to obtain their patients' consent for uses and disclosures of health information about the patient to carry out treatment, payment, or health care operations.

As our patient we want you to know that we respect the privacy of your personal medical records and will do all we can to secure and protect that privacy. We strive to always take reasonable precautions to protect your privacy. When it is appropriate and necessary, we provide the minimum necessary information to only those we feel are in need of your health care information about treatment, payment or health care operations, in order to provide health care that is in your best interest. We also want you to know that we support your full access to your personal medical records.

## COMPLIANCE ASSURANCE NOTIFICATION FOR OUR PATIENTS

To Our Valued Patients:

The misuse of Personal Health Information (PHI) has been identified as a national problem causing patients inconvenience, aggravation and money. We want you to know that all of our employees, manager and doctor continually undergo training so that they may understand and comply with the government rules and regulations regarding the Health Insurance Portability and Accountability Act (HIPAA) with particular emphasis on the "Privacy Rule". We strive to achieve the very highest standards of ethics and integrity in performing services for our patients.

It is our policy to properly determine appropriate use of PHI in accordance with the governmental rules, laws and regulations. We want to ensure that our practice never contributes in any way to the growing problem of improper disclosure of PHI. As part of this plan, we have implemented a Compliance Program that we believe will help us prevent any inappropriate use of PHI.

We also know that we are not perfect! Because of this fact our policy is to listen to our employees and our patients without any thought of penalization or retaliation if they feel that an event in any way compromises our policy of integrity. We welcome your input regarding any service problem so that we may remedy the situation promptly.

**THANK YOU FOR BEING ONE OF OUR HIGHLY VALUED PATIENTS.**
